Register

We received over 200 abstract submissions and are in the process of finalising the concurrent sessions across nine streams which will be announced very soon.

This is the first time in six years that Catholic educators have been able to attend a national gathering. With the COVID-19 pandemic still presenting challenges for many school communities and education offices, we want to ensure maximum participation.

You can register for the conference and attend LIVE at the Melbourne Convention and Exhibition Centre or participate VIRTUALLY. It's your choice.

Can't decide?

That's okay. Register to attend via either option and, if circumstances change, you can alter your registration at a later date. It's win-win.

All-access, on-demand pass

Once registered, you will automatically receive an all-access, on-demand pass to the conference following the event. This will include recordings of over 50 keynote addresses, presentations, workshops and panel discussions to watch at your leisure.

Want to network?

There's nothing like meeting up in person, and Melbourne is a fabulous host city for you and your colleagues (and your new-found friends) to enjoy the food and the sights.

But don't worry – you won't miss out if you choose to attend virtually. You'll be able to connect with your colleagues and meet new ones via our conference portal. You'll also be able to enjoy the food and the fun with our conference pack of goodies delivered right to your door.
