Fr Thomas Vincent (Tom) Daly, SJ

Tom Daly was renowned as the earliest and perhaps the leading exponent and teacher of Lonergan's cognitional theory in Australia. His authority in Lonergan research was also highly valued overseas. Tom's method of teaching Lonergan was unique, particularly in his use of exercises, puzzles and jokes. Though primarily a teacher of philosophy, Tom engaged with some of the most pressing issues of his time in ethics, bioethics, science, mathematics and human consciousness.
