

PROFESSIONAL LEARNING COMMUNITIES (PLC)

and The revised Health Check

Refined from 150 questions to only 50 short questions, the revised PLC Health Check is the perfect place to start reinvigorating your PLC journey.

Complete it all or just select a section to target in your school, based on your needs.

How effectively is your school operating as a Professional Learning Community?

What areas of PLC do you actively engage in?
Where are your areas of strength?
What are your greatest opportunities for growth?

Have you used the revised Online Health Check?

Our online tool tracks growth over time and has automatic priority identification capabilities to make goal setting simpler. It provides ALL staff with a voice to enable you to determine the PLC Health of your school in the areas of:

- Collaboration
- Curriculum
- Assessment
- Instruction
- Teacher development
- Leadership

Access it through the DOBCEL Schools Hub [here](#)

How might we further support and assist your PLC journey?

- Co-design Professional Learning
- Support the induction of new staff
- Collaboratively explore and refine your PLC/MTSS practices
- Guide you through the revised Online Health Check, then support data analysis and goal setting

Got a question about the Online Health Check or DOBCEL Schools' Hub?
