web based solutions for schools

How are your Social behaviours going to support data collection with student behaviour?
Simon Social behaviours has new features such as perceived motivation!

CONGRATULATIONS TO ST PATRICK'S, PORT FAIRY...

"A whole school Positive Behaviour Matrix has been collaboratively developed by staff and provides a clear framework for staff dealing with and recording minor and major behavioural incidents. Students conveyed that these processes make them feel safe in the classroom and in the yard. These initiatives have assisted students in improving their overall social, emotional, behavioural and academic outcomes, with the school promoting positive mental health and good student relationships"
- External School Reviewer

Congratulations St
Patrick's, Koroit... 300
commendations!
Amazing work by the
whole team. →

WERRIBEE SCHOOL VISIT

Thank you to the schools who attended St Joseph's, Werribee to see an excellent example of a school attending to their universals with fidelity: Staff from Camperdown, Sea Lake, St Joseph's, Warrnambool, Port Fairy, Penshurst and Trinity College. What a wonderful and informative experience for all who attended.
