What's NEW!

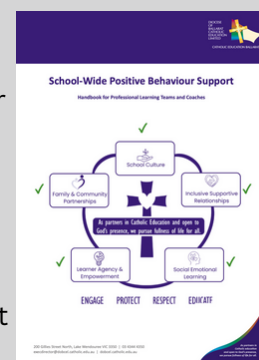

Our team has spent time developing the Student Wellbeing Framework and it is now ready for you to use! There have been plenty of new resources added in response to what schools have asked us about.

Additionally there are updated policies, a quick reference guide for support services and other features to enhance the work of our Wellbeing leaders. The Framework will be sent out to leaders at the start of 2025.

Another document we have updated is the SWPBS guide. Useful for current SWPBS schools to induct new staff and for those looking to embark on their SWPBS journey.

This will also be sent out at the start of Term 1.

Thank you Liz & Mel
