2021 FAITH IN THE FUTURE VIRTUAL SYMPOSIUM

Keynote: This is the WORK! Presented by Dr Lyn Sharratt

Every student deserves to have us meet and exceed their potential. How can we do that? We need alignment, focus, and resolve to be the best teachers and leaders we can be – with a little help from our friends, colleagues and educational research.

Followed by a panel discussion moderated by Australian broadcaster
Geraldine Doogue AO.

A free ticketed event for educators and leaders in Catholic schools, education offices and universities.

FROM HUMBLE BEGINNINGS

COMMEMORATING 200 YEARS OF CATHOLIC EDUCATION IN AUSTRALIA

COMMEMORATIVE BOOK

From Humble Beginnings: Commemorating 200 years of Catholic education in Australia features a history of the first Catholic school in each existing diocese in Australia.

The commemorative book is full colour and includes historical and contemporary images of the schools. It is available in paperback and hardcover versions and would make a great addition to school libraries or as a bicentenary memento.
